## High 5 Challenge Course Inspector & Installer – Northern New England Region

### Description

High 5 Adventure is seeking a motivated, dependable, and detail-oriented individual to join our Challenge Course Services team, focusing primarily on inspections and maintenance work throughout the Northern New England region, while also supporting new installations.

This role plays a key part in ensuring the safety, quality, and longevity of challenge course programs across the region. You'll conduct annual inspections, perform repairs and upgrades, and collaborate with our installation team on new builds. The ideal candidate is comfortable working independently in the field, communicates clearly with clients, and enjoys hands-on technical work both at ground level and at height.

### Responsibilities

What You'll Do:

- Conduct annual inspections of traditional indoor and outdoor challenge courses
- Document findings and prepare clear, professional inspection reports
- Perform repairs, upgrades, and preventative maintenance
- Join the installation team for new course builds and major renovations
- Provide excellent customer service while representing High 5 Adventure
- Maintain a strong commitment to safety and industry standards

Travel Expectations:

- The majority of work is conducted on-site throughout the assigned region
- Regular Monday–Friday travel within the region. There is no weekend work
- Periodic travel outside the assigned region
- Combination of fieldwork and limited remote/administrative work
- Occasional travel to the High 5 office to participate in meetings and support High 5's culture

### Qualifications

The ideal candidate brings experience, technical aptitude, attention to detail, and a strong sense of responsibility. You are someone who:

- Has familiarity with adventure education and challenge course elements
